

## **Full-time Student Accommodation at Heart of Life – 2019**

Heart of Life offers residency for full-time students. Residents live in a small community of up to five people on the first floor of the Centre.

### Residency Guidelines:

- Accommodation rooms are awarded according to availability and on a first-come-first-served basis. It is however students' responsibility to find their own accommodation if all the rooms at Heart of Life are reserved.
- Each resident has a lockable private bedroom/study with its own key, as well as a key to the building entrance, and key to the Chapel.
- Residents share a lounge room, kitchenette and dining room.
- All bedding, bed linen and towels are supplied, but each resident attends to all their own other personal needs, including meals, laundry (laundry facilities are available on site) and telephone. Heart of Life has wifi internet available for limited use.
- Residents negotiate meals, and other communal needs, with the other residents, and are responsible for cleaning and day-to-day maintenance.
- The cost of an accommodation room at Heart of Life during the 10 months of the full-time Siloam program (February – November) is AUD9,650 for the ensuited room (one available), or AUD8,850 for an accommodation room with shared bathroom facilities (four available).
- The payment of accommodation board is to be made either in full at the beginning of first semester or as negotiated.
